REACHing out to bring tourists our way

It was a bit like preaching to the choir.

REACH Corporation manager George Rife and Tammy Bodnar, who has been hired by REACH under the Community Economic Development Initiative, visited Heinsburg last week to determine the needs of the area regarding tourism and to point out the benefits of tourism development. The majority of those attending the meeting were members of the Midwest Tourism Group, while the remainder also have a keen interest in seeing tourism flourish in the area.

Tourism is responsible for \$364.9 million in consumer spending in Alberta, Ms Bodnar told the group. "Do you feel your community is receiving its share?" The

answer, of course, was a resounding "no." Benefits of increased tourism are obvious, from employment opportunities to increased spending at existing businesses and others that could open to serve a growing market. All participants agreed that tourism development and promotion was something they would personally support.

Carol Duffin has worked with provincial parks for 35 years, and says "Whitney Lakes is the best kept secret in Alberta. Many who come here are surprised by its beauty." Dixie Coulter, whose job is promoting and marketing provincial parks in the northeast boreal forest, said emphatically that "spots without mountains are just as nice."

County of St. Paul reeve Robert Bouchard added that the "whole county has a lot to offer," from parks to community functions, and these need to be advertised on a larger scale. County councillor Allen Young agreed that the "beautiful park is under utilized," and said the area also has "a year-round trail which will be busy when it's better known. We'd like to make it work."

Marjorie Scott, who is part of both the Iron Horse Trail and Riverland Trail groups as well as president of Midwest Tourism, said "if the rest [of the future Riverland Trail] shows the potential the Iron Horse Trail does, we should have no trouble" encouraging recreational users to visit the area. On behalf of the

Heinsburg Community Club, she noted that Heinsburg's railway theme park and community hall are also under-utilized.

Roy Scott's ongoing ambition is to restore the town of Heinsburg "as much as we can, we have the facilities and the horse equipment to be a great attraction. Our future is in our past." His son Lane agreed, adding he would like to see more horse and wagon events introduced to the area.

Doreen Anderson and Sophie Stamp would like to see a Metis historical village and theme park developed at Riel Beach as an interpretive centre for Metis and Aboriginal history.

Jack Brock of Dewberry pointed out that his com-

Elk Point REVIEW

Volume 21, No. 20

50 cents (GST inc.)

Tuesday, May 15, 2001

CRIME PREVENTION IS A COMMUNITY EFFORT - and in Elk Point and surrounding district, the RCMP is assisted by Citizens On Patrol (C.O.P.S.), the Community Advisory Policing Committee, Block Parents, Greater Lakeland Rural Crime Watch and Oil Patch Watch, all of whom are represented here as they admire Elk Point's brand new Citizens On Patrol signage.

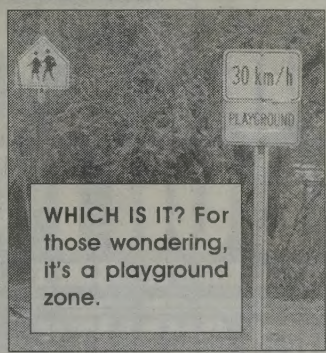

School area signs confusing

A problem with confusing signage has been brought to the attention of both the Town of Elk Point and the Community Advisory Policing Committee.

New fluorescent green school zone signs were put up adjacent to playground locations between Elk Point Elementary and F. G. Miller High Schools and motorists are not sure which regulations to follow.

Playground speed limits are in effect every day from 8:30 a.m. until sunset, while the only times school zones are enforceable are Mondays through Fridays when school is in session, 8:00 to 9:30 a.m., 11:30 a.m. to 1

p.m. and 3:00 to 4:30 p.m. The matter was brought to the committee by teens who are well aware of the regulations due to their driver training and who say their peers aren't sure which regulation to follow.

"You can't have both,"

Sgt. Lyle Marianchuk told the CAPC. "Do you want a playground zone or a school zone? It's up to the Town." Three playgrounds are located in the immediate area and traditionally, this has been a playground zone with appropriate signage marking the crosswalks.

Increased visibility is one of the priorities in the RCMP's business plan for this year, and increased visibility has already been noticed in town.

"I think the RCMP is doing a great job," said Town Manager Myron Goyan. "It's nice to see the flashing lights come on, and we've seen radar recently on Highway 41."

RCMP set for long weekend

The Elk Point RCMP, with the assistance of Alberta Environment, the County of St. Paul and cabin owners, are preparing to deal with partiers who plan to come to the Laurier Lake area this May long weekend. Extra police officers and conservation officers will be working the weekend, specifically in the Laurier Lake area, and numerous checkpoints and patrols, day and night, will be conducted.

All license plates of vehicles checked will be recorded for future reference. All Gaming and Liquor offenses will be treated with a "zero tolerance" and any infractions will result in the seizure of all liquor and the issuing of tickets.

Last year, numerous complaints were received from area residents that involved assaults, thefts, trespassing, minors consuming liquor, littering, and various other liquor offenses. Over 200 partiers, mostly from the Lloydminster and Vermilion areas, came to the Laurier Lake area, leaving the area in a complete mess and camping in areas without permission. These locations have been fenced off by County employees and any trespassers this year will be charged.

Presently there is a total fire ban in the County of St. Paul, and given the present dry conditions, this ban will continue through the long weekend, with offenders being charged.

Alberta Environment officers will be manning the Provincial Park gates at Whitney and Ross Lake Provincial Park and will be refusing entry to those they deem should not be camping in the park.

Cabin owners at Laurier Lake are being requested to discourage any large parties from being planned at Laurier Lake this long weekend. As well, the RCMP is asking parents who have teenagers planning to visit the lake to ask questions before allowing minors to go unsupervised. The authorities are attempting to avoid last year's problems through awareness and enforcement.

PUTTING THEIR BEST FEET FORWARD as they set off on a 10 Km walkathon last Thursday after work, to raise funds for the Children's Health Foundation, were Elk Point Alberta Treasury Branch staffers Monique Penz, Gary Kulak, Twila Stafford, Stacey Kozicki, Tanya McLaughlin, Joan Bauman and Lindsay Wagner. Money-wise, they exceeded their goal, raising \$2160 in 1 hour, 45 minutes of walking. Footwise, "Joan let us wear slippers to work on Friday."

REACHing out to bring in tourists

(Continued from Front Page)

munity's museum and their annual chuckwag-on races bring in numerous tourists,

while Vicki Brooker said Fort George and Buckingham House Historic Site would welcome any increased

influx of visitors.

Ms Bodnar led the group through a "SWOT analysis," listing strengths, weaknesses, opportunities and threats associated with tourism, then asked, "Where do we go from here?" A workshop to coordinate event planning, a calendar of events, and inventories of tourism attractions and events were suggested as projects which could be undertaken right away.

Similar meetings are planned for Elk Point on May 23 and for St. Paul, Ashmont and Mallaig in the near future, in hope of increasing tourism throughout the area.

Today's the day to count yourself in. Over and Out

By Deanna Easthope
FCSS Director

For all of you who know the meaning of the terminology "Over and Out", I know you will enjoy the following. It was an anonymous reader who sent in a copy of a letter to the editor that ran recently in the Gulf Islands' Island Tides paper.

The letter, from Esther Mathews of Sarnia Island, contained part of a transcript from an actual radio conversation between a U.S. naval ship and Canadian authorities off the coast of Newfoundland in October, 1995.

U.S. Ship: Please

divert your course 0.5 degrees to the south to avoid a collision.

Canada: Recommend you divert YOUR course 15 degrees to the south to avoid a collision.

U.S. Ship: This is the captain of a U. S. Navy ship. I say again, divert YOUR course.

Canada: No. I say again, divert YOUR course!

U.S. Ship: This is the aircraft carrier U. S. S. Missouri. We are a large warship of the U. S. Navy. Divert your course NOW!

Canada: This is a lighthouse. Your call.

Now, what do you think the captain of the U. S. S. Missouri did?

It is too bad some people put themselves in a "hard" situation before they take a recommendation.

Anyway, putting all joking aside, remember today is May 15. What is so special about May 15? Why, it is Census Day. Count yourself in. Fill out the forms that were previously mailed to your home and put them in the mail.

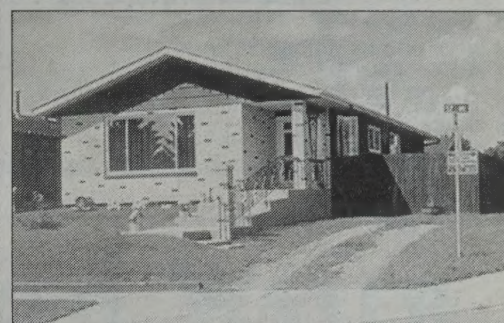

After all, completing the census form is really one method of our country of Canada taking an inventory of its people. According to Webster's Ninth New

Collegiate Dictionary, an inventory is "an itemized list of current assets... a list of traits, preferences, attitudes, interests, or abilities used to evaluate personal characteristics or skills..." etc. We could go on with this definition, but the words that mentioned an inventory is "an itemized list of current assets" really makes sense. When you think about it, the people of Canada really are the assets to the country of Canada. One could go further to say, "Each individual in Canada is

a very important person and thus a very valuable asset to Canada!"

Boy oh boy! Did you all know how valuable you are? Yes, you are! So help Canada with taking its inventory

and fill out your census form and put it in the mail today. What will Canada do with this information? Why... they can act like a "lighthouse" and use the information to help us.

ANNOUNCEMENT

Rod Randall

Raymond Duchesneau, Servus Credit Union General Manager, is pleased to announce the appointment of Rod Randall to the position of Branch Manager at our Elk Point Branch effective May 22, 2001.

Rod was born and raised in Kenaston, Saskatchewan and attended the University of Saskatchewan. For the past 20 years Rod's career has been in the farm equipment business. Most recently, Rod was the General Manager of First Equipment Centre in St. Paul.

Rod is married, and has two boys aged 12 and 8. Rod is a Past Director of the St. Paul Curling Club and is currently the treasurer for St. Paul Minor Hockey.

We invite all members, especially those in Elk Point and area, to drop by and meet Rod.

■ Mother's Day Contest Winners

Nobody cooks like Mom!

We received very few entries in our Mother's Day recipe contest, but these two sounded like clear winners.

Florence Pinder contributed the recipe her mother, Mary Vogel, always uses to make Florence's favorite

CLAM CHOWDER SOUP

6 slices bacon
2 large onions, chopped
2 cups cubed potatoes
2 carrots, grated
2 stalks celery, diced
2 cups boiling water
1/2 tsp. salt
1/2 tsp. pepper
2 Tbsp. flour
1 cup whole milk
2 - 10 oz. cans clams with juice

Fry bacon in saucepan until crisp. Remove and place bacon on paper towel. Crumble it and set aside.

Cook and stir onions in bacon drippings until tender. Remove onions from pot. Boil 2 cups water, add potatoes, carrots, celery, salt and pepper. Cook until tender, add bacon, onions and 2 Tbsp. butter. Make sauce with flour and milk, add to above, stirring frequently until chowder thickens. Just before serving, add clams and heat through, about 3 minutes. Pour into warm bowls and garnish with crisp bacon bits and parsley. Enjoy!

Christina Moores sent along her mom's recipe for "the best muffins in the entire world."

CRAZY MUFFINS

Mix together:

3 cups flour
2 tsp. salt,
2 tsp. each baking powder and baking soda
2 cups sugar
6 tsp. cocoa.
Mix together and add
2 tsp. vanilla
1 tsp. vinegar
2 cups warm water
Mix together in another bowl
1 pkg. cream cheese, softened
1 egg
1/2 cup sugar
1 1/2 cups chocolate chips

Fill greased muffin pans 1/4 full with the flour mixture, top with cream cheese mixture to 1/2 full, then pour remainder of flour mixture on top. Bake at 350° for about 20 minutes.

Both Florence and Christina received copies of the newest Company's Coming cookbook, "Appliance Cooking."

Thank you for entering, ladies! We hope you will enjoy trying out some new favorites from the books.

■ Pitch In

SPRING CLEANING moved outdoors May 5 as F. G. Miller's Class of 2001 cleaned 13 miles of Secondary Highway 646 to earn money for their graduation celebrations. Elk Point's 4-H clubs, as well as other 4-H clubs and youth groups across the province, also participated in Alberta's annual highway cleanup campaign.

ELK POINT ORDER OF THE ROYAL PURPLE enjoyed their annual Ladies Night Out on Wednesday, May 2 with dinner at the Hilltop Cafe. Seventeen ladies and three guests enjoyed a fine meal and good conversation.

Local youth participating in Canada World Youth Exchange

Anthony Bober of Elk Point is currently seeking support for Canada World Youth, the organization which will take him to Ontario and India as part of a work exchange program later this year.

Canada World Youth is a non-profit, non-governmental organization which has been active on the global scene for 30 years. The organization is funded in part by the Government of Canada through the Canadian International Development Agency (CIDA), by its exchange country partners and by private funders. Canada World Youth has involved over 26,000 young people from across Canada, southern countries and most recently, central and eastern Europe.

Canada World Youth's mission is to increase peo-

ple's ability to participate actively in the development of just, harmonious and sustainable societies. It achieves this by exposing youth to different cultures and attitudes in an intense working and learning situation. This challenging situation promotes understanding and cooperation as the youth work for the betterment of the community.

"My participation in the exchange will be for a period of seven months," Bober says. "Beginning in July, I will be spending three and a half months in Ontario, along with seven to nine other young people from across Canada and an equal number from India. During this time, I will be living with a local family and be involved in a community-based work placement. In October, my group will

depart for India where we will also live with families and work in communities for a similar period of time. I will be returning to Canada in February, 2002."

As part of his commitment to the program, Bober is approaching various organizations and members of his home community, informing them of his involvement with Canada World Youth and seeking donations to support the work of that organization. "One of the components of the Canada World Youth program is to develop a commitment to voluntarism... I am therefore prepared to do volunteer work or speak about my experiences with Canada World Youth in exchange for any donations received." Anthony Bober can be contacted at 724-4898 if you wish to support the program.

Elementary students compete at Edmonton Optimist speak-offs

Eight students from Elk Point Elementary School traveled to Edmonton with Bernice Capjack-Hugo on Friday, April 20 to take part in the Optimist Clubs of Edmonton public speaking competition.

Ms Capjack-Hugo has encouraged the school's students to take part in this competition for a number of years, and has been instrumental in helping them hone their public speaking skills.

Grade 6 student Emily Mosley, Grade 5 students Chelsea Richards, Terri White, Natalie Maas and Elyse Anton-Roberts, and Grade 4 students Robin House, Eric Mosley and James Braga received participation certificates and medallions, with Eric Mosley and James Braga winning at Level

I and competing again for Level II.

Eric Mosley, Emily Mosley, James Braga,

Elyse Anton-Roberts, Terri White and Natalie Maas were invited to the zone playoffs, with

Emily Mosley placing second in Zone 3.

All of the Elk Point contestants spoke very well on the topic, "We Are The Future." Each wrote their own speech of four to five minutes in length, memorized it and presented in front of a large crowd. Elk Point Elementary School is very proud of these students.

THEY ARE THE FUTURE - Optimist Public Speaking competitors from Elk Point Elementary were (back row, left to right) James Braga, Emily Mosley, Robin House, Eric Mosley; (front, left to right) Chelsea Richards, Natalie Maas, Terri White, Elyse Anton-Roberts.

FGM gets the point after exhibition basketball game on wheels

By Faron Herring
Staff Writer

Wheelchair basketball was on the lunch-hour menu Friday at F G Miller High as two members of the Alberta Northern Lights Wheelchair Basketball Society dropped by to play an exhibition game

against senior students.

The event capped a week of awareness of the abilities of people with disabilities at the school. Students and staff gained first hand knowledge about how to use wheelchairs, while members of the students' senior basketball team prepared for the game by practising for a week in wheelchairs, said physical education teacher Adrian Kiss.

"Kids in phys. ed. got an opportunity to play the game. Their appreciation for the game is greater now than it used to be," said Kiss.

That appreciation was best exemplified by the fact that it only required two members of the wheelchair society

to annihilate a full court of students 59-8. Members of the senior team were left pleasantly stunned and appreciative of the duo's performance.

"I think it was great. It's really hard playing in the wheelchair," said Kyle Kurek, 15. "They killed us."

"Oh man, this is so hard," exclaimed 17-year-old Brian Poitras after taking a tumble during the game.

For the two members of the society, it was just another day at the office - that is playing the sport they love and spreading awareness and education about the talents of people with disabilities.

"We are looking at

enhancing the lifestyles of people with physical disabilities," said 29-year-old Jordon McEachern, a co-ordinator for the society, who at times blistered through the student team at an amazing 33km/h on route to an easy lay-up. McEachern lost the use of his legs at an early age and has been playing competitive wheelchair basketball since he was 10.

Kimberly Jones, 20, was equally impressive. Unlike McEachern, Jones has only been in a wheelchair for about a year after breaking her back in a snowboarding accident. Nonetheless, Jones has quickly made the transition and has continued to play the

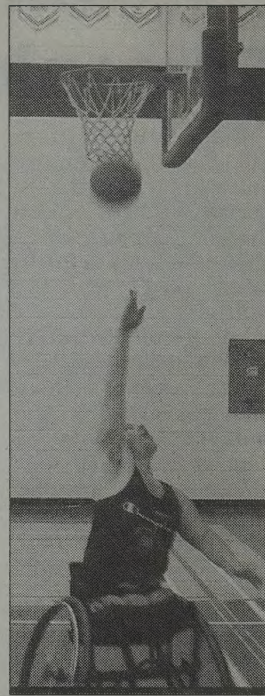

sport she loves.

"The biggest thing to do is to get used to the chair," explained Jones, adding that she always had a mind for the sport.

McEachern said the duo has enjoyed making trips into Mallaig last week and Elk Point, and is looking forward to tours of other schools in the future.

"This is the way we give back to the community," said McEachern of the non-profit society. "It's not just awareness, but it's education as well."

McEachern goes in for the layup during Thursday's exhibition game at F. G. Miller.

Two ties start season for Midget White Sox

By Doug Bassett
Review Sports

"It is with great regret, I declare spring is officially here. The Leafs are out." That's enough of this TV and

hockey anyway - it's too nice outside. Let's play ball.

The **Midget White Sox**, AKA "the young guns," opened the season with a great start on Tuesday when they hosted Two Hills to a 9-all tie after five innings. How can a ball game end in a tie? Well, until we get enough money to put lights up on Bassett Field, it can happen. The Sox opened the game with bit Isaac

Peters on the mound, pitching three up, three down, and pounding a RBI double at the plate and this guy is still a bantam. In fact, over half the Sox team are bantam age players, hence the "young guns." Isaac Peters, Joel Leckie, Kurt Kozicky, Jonathan Buryn, all second year bantams, Travis Lindquist and Nicky Myshaniuk are still first year bantams. Some of the veteran

midgets they will play in Provincials will be five years older.

Then on Wednesday night, the Sox traveled to St. Paul for their first road game, and wee down early, 7 to 1, but rallied back to tie the game at 7-all at the end of six innings. That's right, another tie ball game, they don't have lights either! Mark "the marksman" Letestu getting the call on the mound as a reliever for this one, going three innings without allowing a hit or run. "Smokin' Joel" Leckie getting a big RBI single to left field to tie the game, Jonathan "JB" Buryn and Nicky Myshaniuk with some great defensive plays in the infield in this one. On Deck - Don't miss this one, girls! Tomorrow night, that's Wednesday, May 16, at Bassett Field, the "Young Guns" take on St. Paul.

And speaking of girls, the **Bantam Girls** opened the season losing a close one to St. Paul. This week the Bantam Girls are in Cold Lake.

Minor Ball president Laverne Wilson and his **Pee wee Girls Predators** lost at home this week when they played a tough team from Pierceland on Thursday night. The Predators

started out strong, but their bats were silenced by Pierceland, who have three games under their belts already this season, and who hammered some hard long balls against the Predators' defense. "We'll do better next time we meet," promised Laverne.

Gary Marcenikuk and his **Mosquito Boys** opened the season with a win over St. Paul this past week at home. On the mound and doing a good job, Dylan Loughran and Billy Hudy. Some big defensive plays at short stop for Brett Lindquist. This week the Mosquitoes travel to St. Paul.

TEAM ALBERTA HANDBALL UPDATE

After playing so well and winning a gold medal last weekend for the Alberta Juvenile team, Tanya Pankiw was called up by the 21 and Under Junior Team, playing in National Championship in Winnipeg this past weekend. At press time, Tanya's team was playing in the bronze medal game. And in the gold medal game, another Elk Point resident, playing for another Alberta team, our very own Tori Warawa.

And finally, one last word for the Leafs before we put them to bed for the summer: "Fore!"

F. G. Miller Career Day '01 very successful

By Elaine Ziomek
Career Day Organizer

On May 4, 2001, F. G. Miller Jr./Sr. High School hosted Career Day. The event kicked off with Shaun Sheplawy giving the Junior High students, Elk Point Elementary Grade 5 and 6 students and Fishing Lake Grade 5 and 6 students a "stay in school" message. He also entertained them by singing a few songs.

After lunch the guest speakers arrived, some traveling from as far as Edmonton. Speakers spoke up to three times on their chosen careers, to groups of 15 to 25 students.

I would like to thank the following speakers for making Career Day '01 a huge success: Kim Snell (lifeguard); Gayle Leaf (EMT); Dr. Drew Ramful (doctor); Shane St. Arnault (pharmacist); Barb Croteau (real estate agent); Vivian Young (probations); Karen Miller

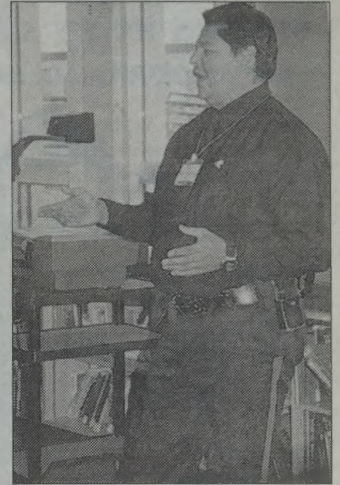

(social worker); Joseline Gionet (journalist); Andrea Gascon (journalist - summer student); Kathy Kozina (teacher); Leighton Grey (lawyer); Cst. Jenny McDonald (RCMP officer); Jeremy Wetsch (engineer technologist); Lyle Frisby (volunteer firefighter); Charissa Brown (secretary); Dr. Craig Hellquist (veterinarian); Vern Goad (autobody mechanic); Roland Joly (autobody mechanic); Dr. Jonathan Adams (dentist); Donna Bassett (dental assistant); Bill Bucharski (truck driver/picker operator); Mark Gormley (retail meat cutter); Jim MacLellan (minister); Melissa Poulin (radio broadcaster); Pat Allen (addictions counselor); Shaun Sheplawy (small engine mechanic); Sgt. Burden (careers in the military); Lori Lee Kadutski (rehabilitation practitioner); Denise Napier (accountant); Stephen Bayduza (computers); Shawna Charbonneau

(speech and language assistant); Ron Boisvert (careers in banking); Ray Danyluk (politician); Gillian Cousins (insurance broker); Arne Nelson (electrician); Ken Orr (heavy equipment operator); Robert Smith (welder); Const. Ken Dion (tribal police officer); Zane Yurkiw (golf).

Janet Naundorf, Youth Coordinator for the Tonder Training Centre volunteered to set up a table and was available to answer students' questions. I'd like to thank Janet, who along with Mr. Hawkins, filled in for a speaker who was arriving late.

Also thanks to Cheri Lindquist for organizing the morning guest speaker, Shaun Sheplawy. Thanks to all the staff who supervised the sessions and to Denise Bjorkman for acting as hostess. I would also like to thank the following parents for giving up their time to help with this valuable

event: Shiela Nelson, Germaine Labrie, Lori Carlson and Carol Lee. A very special thanks to Greg Calliou, Bronwyn Bilak and Lacy Smith whose help ensured that Career Day would be on schedule.

RADIO PERSONALITY Melissa Poulin (left) and tribal police officer Ken Dion were among former F. G. Miller graduates who came back to tell today's students about their chosen fields at Career Day 2001. Other alumni gave information on careers ranging from accounting to truck driving to teaching.

Living in Alberta means a first-class healthcare system.

Living in Alberta
should also mean
a first-class
education system.

To give all of our children the Alberta advantage, we need to keep experienced teachers, and we need to attract bright young adults to go to university to become teachers.

To do this, Alberta needs competitive salaries and improved classroom conditions including smaller class sizes.

- On average, Alberta has more children per class than any other province in Canada.
- In 1992, a starting teacher's salary in Alberta was \$31,000 after four years of university. In 2001, a starting teacher's salary in Alberta is \$35,000 after four years of university.

Make public education
the Alberta advantage.

The Alberta Teachers' Association

In Alberta, public education refers to both public and separate schools.

review FAITH

Where is your sacred space?

By Joep Langejans
Elk Point United Church

A recent meeting of the Community Advisory Policing Committee brought to mind the special date of the town clean-up program, May 17, and how we, as residents of this town are asked to be responsible for our own and our collective environment. For this, as we are all very aware, is our sacred space and we have no dominion over the earth, but only a task of stewardship and of healing that of which we have not only neglected but also painted with our brush of ecological indifference.

We have taken on the attitude that it is "their" problem and not our own. If I clean up my back yard, that is all that is needed and required from me and that which is out of the boundaries of my life or scope of sight is not my responsibility. How closed minded and shortsighted this approach to our sacred space has become! We have passed our problems on to the town officials who deem it necessary not only to budget for cleanup but also for our gross mis-handling of creation. We have just passed our problems on to another judicatory level as if to say, "You deal with it. Isn't that why we pay taxes?"

Card of Thanks

Say nine "Hail Marys" for nine consecutive days. Make three wishes. Publish this on 9th day and your wishes will come true. It's unbelievable but true. Thank you Lord.
L.L.

THANK YOU

AARBO, Martin

The family of Martin Aarbo would like to thank all our relatives, friends and neighbors for their kind expression of friendship, support and kindness during the recent loss of our father, grandfather, great-grandfather and friend.

Thank you for the memorable donations, cards, flowers and food trays.

A sincere thank you to Reverend Joep Langejans, the Elk Point United Church Choir and Organist.

Heartfelt thanks to John & Caroline Yewchin & Staff for their kindness and guidance.

Thank you to the Elk Point Pioneer Circle for preparing and serving lunch after the funeral.

So when do we reclaim our sacred space and collectively nurture this garden that God has so openly and lovingly given us to share? We begin by re-interpreting the scriptures as found in Genesis 1 and getting rid of those words such as 'dominion' and 'power' and transform them into life giving words such as 'gardener' and 'sustainer.' We were never meant to be controllers of the universe, only the co-creators with God to further God's message of love and care for that which is given to us to share and nurture. This is central to not only our existence in this plane and time but also becomes so important to our relationships with each other. When someone's sacred space is taken up with 'garbage' and that which is not life-giving our call as co-journeymen is to stand with them and to walk together with the pain and with the darkness. In unity, we find strength and empowerment and a new paradigm that will lead us into solidarity with creation.

Blessings of spring...

"Mom" the word at special service

Elk Point United Church, with visitors from as far away as Ontario, paid tribute to mothers everywhere and especially to their own, with a special service on Mother's Day,

May 13.

Four of seven children of the longtime local Scraba family sang two of their mother's favorites, with daughter Evangeline Munns adding some

memories of "an exceptional woman... who touched the lives of many... who sought her wise counsel."

Five sisters of the Bartholomew family were joined by younger

family members in a musical tribute to their mother, who passed away at an early age. Sue Bartholomew, youngest of the daughters, said she had "six mothers - my biological mother and five sisters who raised me."

Len Cole and Holly Myshaniuk shared their memories, while Randall Kryz, Joep Langejans and Kerry Anderson shared special musical numbers. Everyone came forward to write their mother's name on a commemorative cloth.

Following a potluck lunch, voices were still raised in fine old songs as the ladies washed and dried the dishes, much as they had in their childhood homes.

THE BARTHOLOMEW BUNCH - Margaret Bayduza, Bernice Zapesocki, Mary Nelson, Sue Bartholomew, Rita Bartholomew, Addison Bartholomew and (not shown) Gabe Bayduza and Kaitlyn Nelson combined in a three generation rendition of Too-Ra, Loo-Ra Loo-Ra in memory of the late Catherine Heffernan Bartholomew, their mother, grandmother and great grandmother.

REMEMBERING MOTHER - Evangeline Munns, Gail Farewell, Marion Bibby and Diana Anderson remembered their late mother, Mrs. Scraba, with "Whispering Hope," one of her favorite songs.

Anadarko Canada is taking off, and we are looking for talented people to join our Eastern Production District team and be part of our exciting future.

We're one of the world's largest independent exploration and production companies, bringing state-of-the-art applied technology to all our areas of expertise.

Field/Plant Operators Contract & Permanent

We have two contract field operating opportunities, as well as a permanent position within our Lindbergh cleaning plant. Based in the Elk Point area, the primary focus for field operators will be operating a group of heavy oil wells and associated facilities while the plant operator will be responsible for the operation of the Lindbergh plant and water disposal facilities. Working with a highly motivated team, you will perform routine operating functions and troubleshooting on all equipment, including the testing and monitoring of heavy oil wells/facilities using company approved procedures, as well as safety and environmental guidelines. Additionally, you will identify deficiencies and recommend corrective actions to ensure the assigned field meets performance standards.

You have a high school diploma and have preferably completed the heavy oil operations technician program. The plant operator position requires up to five years of direct heavy oil operations experience, however training will be provided for candidates with little or no experience. Preference for the field operating positions will be given to candidates with 6 to 12 years of heavy oil operations experience with a strong understanding of surface and downhole equipment/operations, as well as cost analysis. All successful candidates must live within the immediate area of operations.

Summer Students

Various summer opportunities are available in the Elk Point area for students interested in administrative work or providing assistance in field and plant operations. Eligible students are high school graduates with preference given to those enrolled in post secondary programs.

Administration responsibilities include providing general office assistance such as filing, reception, invoice processing and computer data processing. The duties for the field and plant operations will vary from providing general housekeeping and maintenance to performing summer vacation well operating relief.

Please forward your resume by May 31, 2001 to: Anadarko Canada Corporation, Human Resources, 400, 425 - 1 Street S.W., Box 2595, Station M, Calgary, Alberta T2P 4V4. Fax: (403) 231-0028. Email: hrcanada@anadarko.com. No phone calls please. We appreciate your understanding that we can only contact those candidates under consideration.

Anadarko Canada Corporation (ACC) is a wholly-owned subsidiary of Anadarko Petroleum Corporation, an international oil and gas exploration and production company. ACC is headquartered in Calgary, Alberta and employs over 500 people in Canada. The company has operations across Saskatchewan, Alberta and British Columbia.

6 EMPLOYMENT OPPORTUNITIES

THE TOWN of Peace River is currently seeking an individual to fill a permanent full-time position as a water/wastewater plant operator. The operator will be required to perform duties in a Level III Water Treatment and a Level II Wastewater Treatment Facility in Peace River. Specific duties will include the operation and maintenance of various process equipment monitoring and adjusting of treatment processes, laboratory analysis, and various other duties related to the water and wastewater facilities. This position requires shiftwork which includes working on weekends and will also require participation in the after hours standby schedule. The successful applicant will be self motivated, in good physical condition, have good oral and written skills, be able to work with minimal supervision, a good mechanical aptitude, a high school diploma or G.E.D., a valid Alberta Class 5 driver's licence, and a strong background in the water and wastewater treatment field. Preference will be given to individuals who currently have an Alberta Environment Protection Certificate in Water Treatment or Wastewater Treatment and to those individuals who have an Alberta Class 3 driver's licence with air brakes. The deadline for all applications will be May 31/01. All applications are to be forwarded to: Tom Dlugosz, Water/Wastewater Facilities Supervisor, Box 6600, Peace River, AB, T8S 1S4 or can be faxed to 780-624-8360. For more information about this job posting please contact Tom Dlugosz at 780-624-8938. At this time we would like to thank all applicants, but only those individuals who will be interviewed will be contacted.
